

How to Hang the Chair Hammock

1. Get hammock from the storage bin next to the ground floor door to the clubhouse. There is also a step stool on the other side of the door by the garbage can which might be useful

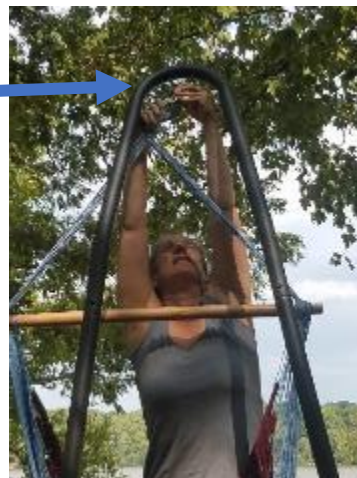

2. Locate the hammock stand (Feel free to move it to a different part of the club if you'd like)

3. Locate the carabiner type clip at the top of the stand.

4. Attach the top loop of the hammock to the carabiner clip. This is where that stool might come in handy!

5. Enjoy!! And please put away the hammock when you are done.
